The following resolutions were also adopted

Resolved, That the delegates to the State Con-

vention be elected at Primaries, and that the

various County Central Committees be request-

ed to call said Primaries on Saturday, August

10th, 1882.

Resolved, That if a vacancy should occur in

any delegation after the Primaries are held,

said vacancy shall be filled by the remaining

delegates.

Resolved, That any county may elect delegates

to the State Convention at a County Convention,

the members of which shall have been elected

at regular primaries, held on or before the said

10th of August, 1882.

The following test was adopted and recom-

mended for use at the Primaries: "Are you a

BOARD OF COUNTY COMMISSIONERS,

Washoe County, Nevada, May 1st, 1882.

Present—Joseph Frey, Chairman; D. H.

Lodge, R. H. Kinney; Geo. A. Rankin, District

Attorney; R. S. Osburn, Clerk.

It appearing to the Board that the order heretofore

published in the Plaindealer, on the 18th

day of February, concerning the apportionment

of the tax for the construction of a sidewalk

along the north side of block Q, in the town of

Reno, contained a misdescription of the block,

the same being described as block Q. It is or-

dered that the said order be published in the

DAILY NEVADA STATE JOURNAL, for two consecu-

tive weeks, to-wit:

ORDER—It appearing to the Board of County

Commissioners that heretofore, to-wit: on the

3d day of October, 1881, a petition of the major-

ity of the frontage property owners along the

north side of block Q, in the town of Reno,

praying an order of this Board for the construc-

tion of a plank sidewalk along said block, and

that on the 7th day of November, 1881, after

due consideration and notice thereof, published

in the Plaindealer, a newspaper published in

said town of Reno, for the period of two consecu-

tive weeks, and if further appearing that

side-walk was constructed as per the order of

this Board by all the frontage property along

said block, except seventy-five feet, to-wit: fifty

feet along the front of lots 16 and 17, owned by

I. B. Marshall, and twenty-five feet along the

front of lot 14, belonging to the Western Union

Telegraph Company, in said block, and the

Board thereupon advertised for bids for the

construction of said seventy-five feet of side-

walk and it appearing that the bid of Joseph

Odet, in the sum of seventy-two dollars, was

the lowest and best bid, and the same being

accepted, and it further appearing that said

walk has been constructed by said Joseph Odet

along the front of lots 14, 16 and 17, and that

the cost thereof is \$75.

Now therefore, it is ordered that the cost of

the construction of said walk be apportioned

among the frontage owners of said lots as fol-

lows: To the said I. B. Marshall, owning lots

16 and 17, 50 feet, \$50; to the said Western

Union Telegraph Company, owning lot 14, 25

feet, \$25.

FRIDAY, MAY 12, 1892.

PENNSYLVANIA REPUBLICANS.

The Republicans of Pennsylvania were united in the recent Convention, and the nominees, Gen. Beaver, for Governor, W. T. Davis, for Lieutenant Governor, Wm. H. Rowle, for Supreme Judge, and Thomas M. Marshall, for Congressman—at large—will undoubtedly be elected by majorities ranging from fifteen to thirty thousand. Gen. Beaver is the most popular Republican in the State. The resolutions adopted declare in favor of a judicious tariff for the protection of American industry; condemn the use of patronage for the promotion of personal and political ends, and require that all offices shall be bestowed solely on the basis of fitness; that faithful officers should not be removed except for sufficient cause; that the popular will shall be faithfully carried out in the State and National Conventions by those holding office by the favor of the party; condemn compulsory assessments for political purposes and proscription for failure to respond to such policy is calculated to disturb party harmony; that it is the duty of the Government to adopt a policy which will result in the observance of good faith toward the Aborigines, by keeping intruders out of Indian Territory, by enacting laws for their protection on their reservations, and also favors the education of Indian children in manual labor; deprecates the loss to the Nation by the death of Garfield, who, when stricken by an assassin, showed by his fortitude and patience that he was ready to give up his life for his country, and that his life and memory are the richest legacy that could be bequeathed to the bereaved widow; that the administration of President Arthur has proved wise, conciliatory and efficient, and is entitled to the cordial support of every Republican.

THE JUDGESHIP.

Owing to the death of Judge Hillyer Congress will not be called upon to pass the bill providing for an Associate Judge for the Nevada district. The President will now have the privilege of filling the vacancy, and he will probably appoint the citizen of this State whom Senator Jones will recommend. We have no direct authority for saying so, but we believe that Senator Jones was in favor of Gen. Geo. M. Sabin, of Eureka, for Judge Hillyer's Associate, in which event, he will desire him for the vacancy. The appointment of Gen. Sabin would give the best of satisfaction to the people and to the Republicans of this State. He is in every respect worthy of the position. He served his country on the battle-fields when men like him were needed; he has always been a true-blue Republican; he ranks well as a lawyer, and as a Judge, he would ever maintain the purity of the ermine, and uphold the dignity of the Bench. President Arthur and Senator Jones can hardly find a safer or better man for the place.

It is but justice to General Sabine to state that he was personally entirely ignorant of the movement which culminated in appointing the Convention to be held at Reno. While it is alleged to have been partly in his interest and with a view to the furtherance of his candidacy for the Supreme Bench he is to be fully exonerated from any participation in the matter whatever.—Carson Index, 11th.

The movement which culminated in appointing the Convention to be held at Reno had no more connection with Gen. Sabin for Supreme Judge, or any other man for any other office, than it did to further the interest of Hon. C. N. Harris for U. S. Judge or Supt. of the Mint.

The San Francisco Post says the unfailing regularity with which the Northern Belle Mining Company has hitherto declared its dividends on the 10th of each month led nearly all to expect that they would be declared as usual this month. But at the meeting of the Directors, Wednesday morning, the dividends, for the first time in nearly two years, were passed, it being deemed prudent to husband the present surplus in the treasury for the future development of the mine, which of late has not been showing so well.

A general reduction of salaries and expenses has been effected at the County Hospital.—Virginia Enterprise.

The expense of the Washoe hospital could be reduced at least \$50 per month. We are paying \$160 per month, and it is very seldom that there are more than five patients in the hospital. This is at the rate of \$1 per day per patient. The Commissioners should make an effort to save \$500 or \$600 to the county's indigent sick fund.

President Arthur was present at the National Convention of the Brewer's Association at Washington Wednesday, and made a brief speech.

THE UNITED STATES NAVY.

How it Looks to an Innocent Observer.

WASHINGTON, D. C. May 3, 1892.

It is said that the new Secretary of the Navy went down to look over his inheritance the other day. The U. S. navy is at present lying in the eastern branch of the Potomac river at Washington. It lies there for a purpose which is singular. It is boating the barnacles. Reader do you know that ships which lie at anchor in salt water become so encrusted on their bottoms and sides with shell fish that they are in danger of sinking. So the navy has been run up into fresh water where sea barnacles don't come. This place also gives the land barnacles a better chance. But at any rate the new naval commandant went down to review the navy. He was attended by his staff among which it is said was the real Admiral in charge of the purchase of brass buttons, the high joint commission on the inspection of pork and crackers, the Paymaster General of marines, the syndicate on the selection of new waiters, the Board of Commissioners for the sale of old hulks and other high dignitaries of the navy. "Pipe all hands on deck" said the commandant as the party stepped out of the street car at the navy yard and looked over the animated scene before them. This order was very impressive giving indication at once that the chief naval officer had been studiously devoting himself to the reading of naval literature. The scene was brilliant; there lay the

FLAGSHIP HARTFORD

Riding at anchor and looking in the distance as if flecked with banners and radiant with streamers. On near approach it was found to be wash day on board, and there were the red and blue flannel shirts of the crew. But it looked glorious. As I have said the scene was an animated and dazzling one. Aside from the brilliant uniform of the captain of the guards asleep in the window of the barracks, there was the departing street car, and a man with a wheelbarrow wheeling a part of an old boiler out of the lower gate. It is true that an air of solemnity and peace hung over the deserted machine shops, the abandoned store rooms, the vacant ship yard, but this was rather suggestive of the permanence of our institutions than otherwise. Where there is so little wear and tear how can the navy be readily destroyed. The party advanced to the edge of the water. By this time all was activity on board the gun boats and men-of-war at anchor in the offing. It wasn't (offing) often they saw anybody in that vicinity and the officers and crews on board might have been seen gazing through their telescopes and opera glasses at the brilliant party with as much amazement as Rip Van Winkle looked upon the village of Falling Waters when he woke from his 20 years sleep; but a plank was finally put out from the "Passaic" and the party went aboard the old monitor; dear old War Dog! bruised and battered with shot and shell; wearing the scars of war upon your iron sides, to what ignominy you have come in "these weak piping times of peace." A kitchen below and a laundry above. Better that your noble frame which stood

BETWEEN THE NATION

And its fons should have sunk upon the scene of its victories than to have become a peep shop for the curious, and an object of envy to dealers in junk.

The reader will discern that the United States navy is too ridiculous a thing for serious comment. This review of it was made, and is absurd simply because there can be nothing but absurdity about it. The navy no longer exists. A few rotten hulks, an old fashioned gun boat or two, which would not stand an hour of modern gunnery, and the Rip Van Winkle crews, sleep on the peaceful Potomac, dreaming of wars that are past; events have left them there twenty years behind the times.

CLAREBEL.

We add our protest to that of the Chicago Times against the admission of a member of the Federal Union under the name of the State of Washington. The trouble of having to distinguish the city from the State every time either is spoken of, entirely outweighs the consideration of respect to the memory of the great G. W. The Times suggests, among others, the name of Olympia, Columbia, Puget and Spokane, any one of which would be appropriate for the new State when it is admitted.

There seems to be some doubt now as to whether the Chinese bill will be an effective law; whether, notwithstanding the prohibition, the Chinese may not land in British possessions, or in Mexico, and come in by land with little difficulty and little prospect of being sent back.

Senator Blaine has made known to some intimate person his intention to go to Europe and spend from one to two years, leaving his political interests in the hands of Hale and Chandler, providing that the latter does not conclude that his position in the Cabinet forbids him from exercising as active an interest in Blaine's future as in his past.

A special from Washington indicates the proceedings in the Pennsylvania convention will have the effect of further widening the breach in the Republican party, and that there is little doubt that another Republican ticket will be put in the field. Senator Mitchell is reported to have stated that he would not support the ticket, but that the Independents will, on the 24th, nominate a State ticket.

It is stated that Hon. W. W. Hobart and John H. Mills are applicants for the office of U. S. Surveyor General. We do not believe there is any prospect of Gen. Davis being removed.

A. O. U. W. OFFICERS.

The Grand Lodge of A. O. U. W., on Wednesday, elected the following grand officers for the ensuing year: Grand Master, S. W. Chubbuck, of Gold Hill; Representatives to the Supreme Grand Lodge of the United States—R. W. Wood, of Winnemucca; E. N. Robinson, of Eureka; J. V. McCurdy, of Virginia; Grand Foreman, William Sutherland, of Virginia; Grand Overseer, J. A. McDougald, of Helena, Montana; Grand Recorder, D. Thorburn, of Gold Hill; Grand Receiver, C. F. Sharp, of Carson; Grand Guide, E. Disbrow, of Park City, Utah; Grand Watchman, H. Warren, of Paradise, and Grand Trustee, J. R. Shaw, of Dayton. The Grand Lodge was entertained at Winnemucca by a ball and banquet Wednesday night by St. James Lodge of that place.

The Grand Master Workman made the following appointments: J. W. Kinsley, Grand Lecturer and D. G. M. W.; District Deputies—A. S. Kellogg for Montana; Grant for Utah; Schlange for Eureka county, M. S. Bonfield for Humboldt, D. F. Fox for Washoe, A. G. Cowan for Storey and Ormsby, J. L. Campbell for Lyon, J. D. Ludwig for Esmeralda. E. M. Conn, of Virginia, was appointed Grand Medical Examiner. The committees are as follows: Finance—J. R. Shaw, P. J. Dunne, H. W. Hand; Laws and Supervision—G. A. Fletcher, C. L. Broy, W. T. Buras; Appeals and Grievances—F. W. Dunn (Chairman); Amendments—C. B. Briery, J. S. Hammond.

The Grand Lodge yesterday voted to meet next year at Eureka on the second Tuesday in May.

Foundry Work.

Fraser, at the Reno Foundry, is doing considerable work. Just now he is engaged upon the "Santa Cruz," putting it in order to run. He is also making a large size Kinked grinder, capable of grinding from ten to fifteen tons per day. The Foundry has lately turned out various jobs for the Truckee millmen, and is making the usual number of castings for the Comstock and Bodie country.

Abrahams Brothers.

Let every man read this: Look to your interest and pay Abrahams Brothers a visit while you have time. You can buy more goods for less money of Abrahams Brothers than from almost any other merchants west of the Rocky Mountains. Their goods are of the best quality and latest styles. This is the accepted time. Every man who wishes to dress well should go to Abrahams Brothers.

The Triennial Conclave.

A circular has been issued by the Triennial Committee of California Grand Commandery in relation to the Triennial Conclave which takes place in San Francisco in August, 1893. The committee consists of the following gentlemen: Edward R. Hedges, Charles F. Loti, William M. Petre, Edwin A. Rogers, Osgood C. Wheelan, Rollin C. Gaskell, John R. Lockwood, James M. McDonald, Thomas H. Caswell, Henry Blake, William O. Gould, Bruce B. Lee, Henry S. Orme, Edward H. Hudson, Robert H. Blossom, Reuben H. Lloyd and Hiram T. Graves. The circular states that the railroad rate will be one fare for the round trip on all railroads, and that visitors can select their own route. In order to prevent any overcrowding of the railroads, lay-over tickets, good for three months, will be issued on and after July 15th, and extending into October. Full particulars are given in relation to hotel accommodations and the arrangements the committee will make. The grand parade will take place on August 20th, and the grand conclave will open the next day. On the same evening a grand promenade concert and ball will be given in the Mechanics' Industrial Exposition building, free to all Templars and their ladies. The competitive prize drill takes place on August 25th.

United States Marshal Corbett.

The Enterprise says: "At last we have a United States Marshal and shall be able to go on with government business in this State, for undoubtedly, Patrick S. Corbett has secured that position. Mr. Corbett has been Deputy United States Marshal since 1870, and thoroughly understands the duties of the position he is about to fill. No one will complain that Mr. Corbett has been the successful applicant for the office. Pat is one of the oldest residents of the Comstock. He came in 1859 and was in the war with the Putes. He was with Captain Storey when he was killed, and helped to recover and bring in the body of Meredith. Pat has stood by the Comstock from first to last, through thick and thin, and deserves a much better office than he has got."

Favorable to Albion.

Chief Justice Leonard of the Supreme Court Wednesday fixed the amount of the bond to be furnished by the Richmond Mining Company to the Albion Mining Company at \$425,560. This has had a strengthening effect upon the price of Albion stock. It shows that the Chief Justice thinks the Albion mine to be something more than a "stone quarry."

The Omaha Republican publishes the following:

The President has tendered to Hon. A. S. Paddock the appointment as a member of the Utah Commission, and Mr. Paddock has accepted the appointment. The President, in a personal letter dictated by him through a friend to Mr. Paddock, expressed himself in terms of very high regard for the ex-Senator, and the importance of the Commission was set forth in such terms as to assure Mr. Paddock that as a member of the Commission he would have ample opportunity to render distinguished and important public service. The Republican is glad to hear that Mr. Paddock, on consideration, concluded to accept the appointment in the same spirit in which it was bestowed, and is sure that his official course will confer added distinction on the State.

The Democratic County Committee imbroglia in Storey county continues to be the topic of the day among the Virginia City statesmen and newspapers. TOWN AND COUNTY.

"Michael Erle" to-night.

Baled hay is up to \$18 per ton.

All jurors stand excused until May 23d, at 10 o'clock.

Mr. D. H. Haskell, town site agent, was in town yesterday.

Judge Hillyer's death was caused by tumor and not softening of the brain.

Grasshoppers are showing up on the ranches of Robt. Steele and G. W. J. Wilson.

Hon. C. S. Varian and Hon. R. H. Lindsay went over to Judge Hillyer's funeral.

The Chollar assessment, levied Wednesday, was 25 cents and not 75 cents, as was misprinted.

Matt Parrott was out the other day and killed 32 doves in a short time. Frank Perkins is also slaughtering the innocents.

C. A. Bragg and Jerry Schooling are home again. They report the country in a highly prosperous and encouraging condition.

The meeting of the Reno Guard is postponed until Monday evening, on account of the entertainment at the theater to-night.

Judge Poor says that if this kind of weather continues for ten days the home strawberry crop will be the largest and best in the history of the town.

Mr. Jos. Kennedy returned home last evening. His other children were better yesterday. The funeral of little Agnes will take place to-day at 2 p. m.

C. P. Mason, Master of Supplies for the Virginia and Truckee Railroad, came down from Carson last evening and will leave for Chicago this morning's train.

Don't forget to attend the performance of the Dramatic Club this evening. The performances will be very interesting, and home talent should be encouraged. Tickets are only 50 cents.

Strawberries are now beginning to arrive in considerable quantities. They retail at twenty-five cents a box, at which price almost every one can afford to indulge in this most luscious and healthful fruit.

Cy Lovell, who has been fishing at Verdi for some time past says but very few trout are being caught on the Truckee river this spring. One hundred pounds a day he considers will more than cover the daily catch.

Mr. B. F. Sheldon is in from Janesville. His family will be here in a few days. This place will be their future home. Mr. Sheldon intends to build a nice residence and stable on his block in the Western Addition. We welcome him to Reno.

Judge Hillyer's Funeral.

Judge Hillyer's funeral in Carson yesterday was not very largely attended. There were but seventeen carriages in line.

Coming.

The Madison Square Theatrical Company will soon visit Reno. The Company are playing "Hazel Kirke," "The Professor," and several other new and attractive pieces. In the company are Coudlock, John Dillon, Edie Elliser, Mrs. E. L. Davenport and Frank Weston, all stars in the profession.

Asylum Telephone Line.

Frank Bell will commence work to-day on the Asylum telephone line. Supt. Dawson gives \$75 toward the construction of the line, and the State bears the remaining expense of \$250. The office in Reno will be at Myers' drug store. The line will be of great benefit to the Asylum.

Delegates.

S. W. Chubbuck, Wm. Sutherland, F. J. Dunne, Dr. Conn, Dr. Robinson, J. R. Shaw, C. F. Sharp, J. C. Harlow, Dr. W. D. Wagar, D. Thorburn, members of the A. O. U. W. Grand Lodge, returned from Winnemucca on the train last night. They are profuse in their praises of the kind treatment they received in Winnemucca.

Tribute of Respect.

As soon as the District Court convened yesterday morning Gen. Kittrell made a motion that out of respect to the memory of the lamented Judge Hillyer, the Court adjourn until Saturday. After appointing Messrs. Cossitt, Boardman and Kittrell as a Committee to draft and present appropriate memorial resolutions expressive of the feelings of the bar of Washoe county, Judge King granted the motion to adjourn.

THE LITTLE GIANT QUARTZ MILL.

The Novelty of the Machine—What the Inventor Claims for It.

A JOURNAL reporter visited the Reno Foundry yesterday, where Kinkadee's Little Giant Quartz Mill is in operation. The machine is very simple in construction, being nothing more than two disks grinding together in an upright position. The ore is fed in at the center, through a hopper in the stationary disk, and is crushed and ground to a powder by the revolving disk, discharged equally all around the periphery by centrifugal force. No screen is necessary, as by the aid of a set screw and jam nut on the end of the shaft the disks can be kept up to within a hair, and no sand can escape until sufficiently fine to work through the opening between the disks. The disks are closed in like a Sturtevant Blower and no dust can escape in grinding dry, nor can water escape if grinding wet. A spout is attached to the bottom of the cover, from which the pulp is conducted to any part of the mill desired. The

NOVELTY OF THE MACHINE Lies in the peculiar construction of the grinding dies. In the large machine there is a concave plate on each disk, which is 20 inches in diameter, made of chilled iron and bolted on to the muller. A ring 2 inches thick and 8 inches on the face is set around the concave plate, making the entire crushing and grinding surface 36 inches in diameter. The concave plate is constructed on the principal of the amalgamating pan, having shoes and dies beveled on both sides and adjustable with set screws. The shoes and dies in passing each other operate like a pair of shears, clipping off and crushing a little piece of quartz at each blow until it is all fine enough to pass to the grinding rings, which have a perfectly smooth surface. By reversing the motion of the machine the shoes and dies can be kept sharp until worn out. The

INVENTOR CLAIMS For this machine that it will crush and grind more rock at less cost of power and iron than any other mill now in use. It is certainly very simple in construction and can be built for one-fourth the cost of the ordinary quartz mill. The wearing parts are confined wholly to the grinding plates and disks. All the journals are outside where no sand can reach them. It is claimed that the plates will grind 200 tons before wearing out, and can be replaced in ten minutes at an expense of \$40, or 20 cts. per ton for each ton ground. Three sizes are being built at the Foundry. The little ones, which are 8 inches in diameter, are run by hand and are intended for assayers' use—having a capacity of one pound per minute. The second size will be 13 inches in diameter, for prospectors' use. It can be packed anywhere on a mule's back and then set up and, with the same mule for power, crush from 3 to 5 tons of rock. This size will meet the wants of a large number of miners who have small ledges and small means. There are hundreds of ledges in Nevada that would produce from one to ten tons of ore per day, and if a mill could be put up for \$400 or \$500,

THE BULLION OUTPUT OF NEVADA Would soon equal the old "Hobananza days." The trouble now with prospectors and miners is, they are obliged to show up \$40,000 or \$50,000 worth of ore before they can get anybody to help them build a mill, and of course they are unable to make such a showing because they have not the means to develop their mines. We believe this "Little Giant" will help them out. The second size will not cost over \$300 at Reno. The large size, 36 inches in diameter, will grind from ten to fifteen tons per day with five-horse power and will cost about \$500.

Lumber, Boxes, Etc.

We call attention to the new advertisement of the Verdi Planing Mill and Box Factory. Messrs. Lonkey & Smith are also proprietors of the Nevada and California Lumber Co. With their Banner and Prosser Creek saw mills, Banner box factory, and Verdi planing mill and box factory, they have unusual facilities for supplying the public with mill and mining timbers, dressed and common lumber, flooring, ceiling, siding, pickets, doors, blinds, sash, transoms, shingles, boxes of all kinds, etc. All orders are filled promptly and at the lowest market rates.

The Place to Go.

If you want a first-class piano—Weber, Steinway, Chickering, Baker, or any other—make your wish known to C. J. Brookins and you can get the finest instrument manufactured for less money than from anyone else, as he will add nothing for freight or drayage. You need not pay the money until you are satisfied you have got what you bargained for. He will keep any piano bought at his agency in tune for one year.

Hon. C. C. Powning, of Reno, will start a paper in Salt Lake City on or about the 1st of next month.—Virginia Footlight.

He will not do anything of the kind.

IN THE DISTRICT COURT OF THE SECOND JUDICIAL DISTRICT OF THE STATE OF NEVADA, in and for the County of Washoe.
The State of Nevada sends to REBECCA H. HICKMAN, greeting.
You are hereby required to appear in an action commenced against you as defendant by John A. Paxton as plaintiff, in the District Court of the Second Judicial District in and for the County of Washoe, State of Nevada; and answer the complaint therein within ten days after the service on you of this summons (exclusive of the day of service), if served in said County, or twenty days if served out of said County, but within said District, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to recover forty-five hundred dollars with interest from October 15th, 1880, at one and one-half per cent. per month, and 117 40 dollars with like interest from Nov. 15th, 1880, and to foreclose a mortgage given to secure the same, together with ten per centum on the principal and interest thereof as an attorney's fee, upon the following described property, situate in Washoe County, Nevada, that is to say: The North ¼ of the Northwest quarter, and the South ¼ of the Northwest quarter of section 4, township 19, North of range 20 East, 2d. E.B.M.; also lot 2 of the Northeast quarter of section 5, in township 19, North of range 20 East, in all two hundred and forty acres of land.
Also the Southeast quarter and East ¼ of the Southwest ¼ of section 4 in township and range as aforesaid, in all two hundred and forty acres of land.
Also lot 7 and the West 35 feet of lot 8 of C. A. Richardson's survey, in block 4, Western Addition to the town of Reno, and lot 13, in block 2, and the East 60 feet of lot 1, and the West 25 feet of lot 2, in block 5, in the Western Addition to Reno.
Also 250 shares of the capital stock of the North Truckee Ditch Company, a corporation, and the right to hold and use two hundred and sixty inches of water, represented in the said shares of capital stock, and flowing through the ditches of said corporation; also the sum of \$25 with interest at one and one-half per cent. per month from December 15th, 1880; the sum of \$20 with like interest from January 20th, 1881; the sum of \$15 75 with like interest from March 19th, 1881, and for twenty-five per centum upon the said last three mentioned sums, with interest, as expenses of collecting the same. Plaintiff prays for general relief.
All of which will more fully appear from the Complaint which is on file in the office of the Clerk of said Court at Reno, in said County, and you are further notified that if you fail to appear and answer said Complaint, the said plaintiff will apply to the Court for the relief demanded.
In testimony whereof, I, C. S. VARIAN, have hereunto set my hand this 23d day of March, A. D. 1882.

C. S. VARIAN,
Plaintiff's Attorney.

Reno, March 29, 1882.

Treats All Chronic and Special
Diseases.

YOUNG MEN

WHO may be suffering from the effect of youthful follies or indiscretions, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. Dr. Spinney will guarantee to forfeit \$500 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty to sixty, who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits aropy sediment will often be found, and sometimes small particles of albumen will appear, the color will be a thin milky hue, again hanging to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration to the genito-urinary organs.

Office hours—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation free. Thorough examination and advice, \$5.
Call or address,

DR. SPINNEY & CO.,

P. S.—For private diseases of short standing a full course of medicines, sufficient for a cure, with all instructions will be sent to any address on receipt of \$10.00. aug31

AYER'S CATHARTIC PILLS

FOR ALL THE PURPOSES OF A FAMILY
PHYSIC, CURING

Costiveness, Jaundice, Indigestion, Dysentery, Foul Stomach and Breath, Headache, Erysipelas, Piles, Rheumatism, Eruptions and Skin Diseases, Biliousness, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Diaper Pill, and purifying the blood, are the most congenial purgative ever perfected. Their effects abundantly show how much they excel all other Pills. They are safe and pleasant to take, but powerful to cure. They purge out the foul humors of the blood; they stimulate the sluggish or disordered organs into action; and they impart health and tone to the whole being. They cure not only the every day complaints of everybody, but formidable and dangerous diseases. Most skillful physicians, most eminent clergymen, and our best citizens, send certificates of cures performed, and of great benefits derived from these Pills. They are the safest and best physic for children, because mild as well as effectual. Being sugar coated, they are easy to take; and being purely vegetable, they are entirely harmless.
